

Noise Cancelling Headset

About Aria

Started in the year of 2003, the company has progressed itself to become a global leader in voice processing industry. We have defined, developed and designed world-class technology integrated PC based voice processing systems, in order to serve corporate houses and simplify their business work processes. All products developed on our end are fully tested for stability and performance on various platforms like PCs and voice processing cards. Our zest to integrate innovation and high-standard technology with business processes has helped in turning PCs into voice loggers and IVR systems that promise extra ordinary performance.

Apart from Voice Loggers (Telephone Voice Recording System) and Interactive Voice Response System, our company also manufactures and supplies Predictive Dialer, Telephone Headsets for Call Center, Conference Bridge, and GSM Gateway to support the industries and corporations when it comes to simplify their work processes. Aria offers complete communication solutions that make corporations and enterprises powerful to absolutely manage the

business processes, client interactions, and manpower on rising unified communications.

Clients & Coverage:

Our head office is situated in New Delhi with branches in Mumbai and Ahmadabad. Our scope of work is not just limited to companies in India but also in Africa, Malaysia, Bhutan, UK, Nepal and Saudi Arabia. We have earned our experience in the telecom industry by successfully partnering with 100+ companies spread country wide. It has been our privilege to serve some of the big giants of the industry like ONGC, Bharat Electronics, Wipro, Bajaj Capital, Hyundai,, etc. We have also helped small companies and startups for establishing themselves and create brand recognition. Our complete commitment and interest with our valuable customers and their gains impresses our clients and keep them to be attached with us and our appreciated services

AR18N Call Center Headset

Specifications

ARIA AR18N binaural Noise Cancelling Headset feature Comfortable noise cancelling microphone headset meets the demands of phone intensive environments. Create by hands-free internet communications. The noise cancelling mike filters out back ground sounds, for clear voice transmission. That helps you maintain a professional image on your calls and productivity, and makes it easier to be clearly understood. It is also the headset that comes with a bendable microphone arm, rotate 330 degree, allowing users to flip the boom arm outward during coffee breaks

Aria 18N comes with PL QD to connect with various connecting cords like RJ-9, USB, 2.5mm, 3.5mm, Y cable, etc and also available in wideband versions for IP hard phones and soft phones.
